EDUCATION

B.E Computer Science (Cybersecurity)

Prince Dr. K. Vasudevan College of
Engineering and Technology
2023 - 2027

TECHNICAL SKILLS

CYBERSECURITY & NETWORKING

- ▶ Networking Fundamentals
- ▶ TCP/IP Basics

SYSTEMS

- ▶ Linux (Kali Linux Basics)
- ▶ Command Line Basics

PROGRAMMING

- ▶ Python - Automation & Scripting

TOOLS

- ▶ Nmap (Network Scanning)
- ▶ Wireshark (Packet Analysis)

STRENGTHS

- Quick Learner
- Strong Interest in Cybersecurity
- Problem-solving Mindset
- Self-motivated

HOBBIES

- Film Making & Storytelling
- Video Editing
- Learning New Cybersecurity Tools

LANGUAGES KNOWN

- Tamil
- English
- Malayalam

OBJECTIVE

Cybersecurity enthusiast pursuing B.E in Computer Science with specialization in Cybersecurity. Interested in network security and ethical hacking, with hands-on experience in tools like Nmap, Wireshark, and Python scripting for automation. Eager to learn, grow, and contribute to real-world security challenges.

PROJECTS

Python Scripting & Automation for Port Scanning

- Developed a Python-based automation script to perform port scanning on a target host
- Identified and classified open and closed ports using socket programming and automation logic
- Automated the scanning process to generate a clear report of active and inactive services
- Improved efficiency of manual scanning by automating repetitive network reconnaissance tasks

Network Scanning Project

- Performed basic network scanning using Nmap on a local network
- Identified open ports and running services across multiple hosts

OSINT Information Gathering

- Collected publicly available information using OSINT techniques
- Learned and applied basic reconnaissance methods for target analysis

CERTIFICATIONS & WORKSHOPS

Ethical Hacking Workshop - Certificate of Participation

- Completed a 2-day hands-on workshop on Ethical Hacking
- Organized by **Techobytes Technologies** at **IIT Madras Research Park**, Chennai
- Gained practical exposure to ethical hacking concepts, tools, and techniques

TryHackMe - Cybersecurity Practical Training

- Completed multiple hands-on cybersecurity rooms on TryHackMe platform
- **Nmap** — In-depth network scanning and port discovery techniques
- **Junior Security Analyst Intro** — Real-world Security Analyst duties and workflows
- **Offensive Security Intro** — Ethical hacking and penetration testing fundamentals
- **SOC Role in Blue Team** — Security Operations Center and defensive security concepts
- Profile: tryhackme.com/p/varshenaru

Typewriting (English) - Junior & Senior Grade (Government Certified)

- Completed Government certified Typewriting examinations at Junior and Senior levels
- Achieved First Class in both grades with a typing speed of **60 Words Per Minute (WPM)**
